DETAILED ACTION

Claim Rejections - 35 USC § 112

Claims 51-57 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In particular, it is unclear as to what the claimed invention is directed towards, as the preambles indicate a "medium" or "code" but the body of the claims indicate method steps. Correction is required.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 51-57 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. In particular, to the extent that these claims are understood to be directed towards code *per se*, as rejected above, these claims are non-statutory.

Allowable Subject Matter

Claims 30-50 are allowed.
